

Article Number: 1.97.870

Product Range

Safety equipment

Product Category

for highly flammable hydrocarbons
drum pump set consisting of:
stainless steel drum pump
residue draining pump made from stainless steel,
2 m solvent hose DN 25
conductive hose connections,
equipotential bonding cable
brass extracton nozzle and PP drum adapter
degree of protection IP 54
230 V motor with 5 m cable, earthing pin plug
explosion-proof in accordance with the
Atex 100a guidelines
electrical drive
immersion depth: 1000 mm
immersion tube Dia: 41 mm

Retail category

Pumps

Weight (product)

14,5 kg
