**Product Range**

Safety equipment

**Product Category**

ATEX-compliant CE Ex II (3) G [n T4],

zone 2 in the air flow and

low Voltage Directive 2006/95/EC.

PTB-Nr. 14 ATEX D027 and

Consisting of:

Casing made of sheet steel in silver pearl glimmer

Integrated LED error display.

Ready to plug in connection for the 230V / 50 Hz  
power supply via CEE 7/7 plug.

Integrated ventilator.

Exchangeable activated carbon filter  
(2 kg filling).

Exchangeable particle filter acc. to DIN EN 779.

Filter capacity (activated carbon): 30% of filling  
for all substances on the included  
hazardous substances list.

Optical and acoustic warning in event of errors.

One floating contact (max. 24V/2A).

Functions:

Monitoring of the air flow.

Monitoring of the filter exchange interval  
(electronically coded).

Low noise ventilation
