

Article Number: 11.90.910

Product Range Safety equipment

Product Category

Fine granulate made from thermoset polymers,
can be used for all liquids,
absorbs up to 75 times its own weight,
economical and problem-free measure,
does not trigger any dangerous reactions.

also usable in rain, (ph-neutral)

Indicates the binder's saturation by dry deposit
on the surface.

Barrier formation possible, swells,
has an indicator function - Indicator transition:
acids (yellow) / lyes (red)

Testings:

Tested and approved by MPA NRW, Dortmund
and also tested by the Hygiene Institutue
in Gelsenkirchen.
